Get Started

1. Accept your email invitation.
2. Create your free onDiem account.
3. Complete onBoarding in your Employee Portal.
4. Request shifts under "Find Work."

Why SafePay Matters

Working as a 1099 contractor is not legally permissible for RDHs or DAs and can create significant risks, including tax liabilities, lack of workplace protections, and legal exposure for all parties involved. To ensure compliance and safeguard your professional well-being, book your next temporary hygiene shift through onDiem.
